Echoes from England....9, 60, 109, 229, *319, 392, 464, 681
Eckford, Henry, Death of..... 679
Editorial:—
—Convention advantages; HORTICULTURE'S success and promise; The rose as a garden favorite; Two kinds of railroad station gardening 10

Editorial:—(Continued) Page

—The Glorious Fourth; Taking a holiday; Advantage of the June exhibition; The sign-board nuisance; Foreign recognition for American roses; Boston's unique tree-garden; The park superintendents 34
—Defective systems of awards; American Society of Landscape Architects; Growth of commercial greenhouse building; Washington hospitality requires no guarantees 64
—Tussock moth in New York; The "true Harrisii"; Summer-resort trade; Golf in the parks; Facilities for self-education..... 88
—An act of malice; Preparing for the Jamestown exhibition; Seeing the Capitol City; Effect of Japanese immigration..... 110
—An act of courtesy; A representative convention; Walsh's rambler roses; Showing "for exhibition only"; Helping the Society; Midsummer advertising; An important expedition to China; Advancement of the horticulturist; American fruit in Great Britain.. 134
—Greetings to S. A. F.; Congratulations to a prosperous firm; Vigilance against insect depredations; Confidence in the seedsman; Our duty to the Society and our fellows..... 164
—Welcome rain; Training the children; Benefits of the Hail Association; Support the local organization; Retailers' unwise economy; S. A. F. and "closer relations"; Activity in greenhouse building; Uneven distribution of flower supply..... 194
—Popularity of the prize essay; The lesson of the open exhibition; Defects in State vice-presidents' reports; A new suggestion; Miss Sipe's lecture; Possibilities at Dayton; Baltimore's lustre; The jovial bowlers; New policies in the S. A. F.; Innovations in convention program; An inspiring sight 228
—Our purpose; Nicotiana Sanderæ; Fighting the brown-tail; About S. A. F. trade exhibits; Opening the fall campaign..... 250
—That blue rose; The zest of discovery; About nomenclature; Packing flowers for market; Orchids a necessity; Advancement of the private gardener..... 274
—Possibilities in advertising; True philanthropy; The S. A. F. and the gardener; Floral bedding in parks; Rise of the single violet; Unwise business tactics..... 300
—Dahlias from seed; Protecting outdoor bloom; A suggestion about clematis paniculata; Landscape art; Asters and dahlias; A floral sheaf 322
—A desirable shrub; Richmond rose; American Civic Association; Roses and mildew; The golden privet; Annuals in the border 346
—A new contributor; Nicotiana Sanderae; Berkshire fern picking; The menace of the gas main; The rise of the dahlia; A new forest policy; Experience vs. imitation 370
—Retarding the hydrangea; The sportive dahlia; Fighting the tussock moth; A boon to catalogue writers; Conflicting exhibition dates; Exhibition management 394
—A good combination; A comparison; Counting the cost; Saving the dahlia crop; Protect the trees; An overestimated qualification; A word for the house plant 418
—Gypsy moth not local; The artistic quality of floral exhibitions; Growth of the private greenhouse; Gardening — the florists' opportunity 442
—Plant bulbs; The best reading matter; A promising field for chrysanthemum development; The carnation in the exhibition hall 468
—Attend the show; A useful society; Modern publicity methods; The violet in the exhibition hall; The American Rose Society exhibition; A gardener's home; Taste in displaying vegetables 500
—Use of the rambling roses in cut sprays; Popular holiday bloomers; Two factors in a successful exhibition; Hardy evergreens for winter decorations; Buy the new carnations 530
—A great rose; Interesting the retailers; The flower-worker in the exhibition; Plan now for next year's exhibition; The prize schedule from a practical standpoint; The foliage question..... 554
—Sympathy; A coming event; Room for improvement; Preparing the Christmas plant; An unworthy sentiment; The tree warden; Thanksgiving day..... 578
—How can we improve; Something for advertisers to consider; Regulating flower prices; Choose your officers with discretion; Where HORTICULTURE stands..... 610
—Write to your Congressman; Advertisements as a gauge of progress; What we give for a dollar; Arranging decorative plant groups 652
—The seedsmen's appeal; Make the price schedule explicit; What is the "market price?"; Give the forcing bulbs time; The violet's troubles 682
—The key to success; The attitude of the "Boston people"; Help one another; The highest bidder versus the steady customer..... 706
